Pathways to Promise

COORDINATED SUPPORT. TRUSTED RELATIONSHIPS. POSITIVE PATHWAYS.

Pathways to Promise is a 90-day, community-based support program for youth facing behavioral health needs, school challenges, justice or system involvement, family instability, or other barriers to success.

Our approach brings together mentoring, behavioral health services, family support, education and workforce readiness, and positive community engagement through one coordinated service plan.

WHO WE SUPPORT

Pathways to Promise may be a good fit for youth who need:

- A consistent mentor or trusted adult
- Mental and behavioral health support
- Conflict resolution and decision-making skills
- Increased school engagement and accountability
- Family support and service coordination
- Career, employment, or educational guidance
- Positive activities and healthy peer connections
- Support navigating probation, DHS, schools, courts, or other systems

SERVICES MAY INCLUDE

MENTORING+

Individual mentoring, goal setting, accountability, life skills, resource navigation, youth advocacy, and prosocial activities.

BEHAVIORAL HEALTH & WELLNESS

Individual and group counseling, family therapy, assessments, emotional regulation, stress management, and wellness support.

FAMILY & SYSTEM COORDINATION

Collaboration with families, schools, probation, DHS, courts, and community providers to create coordinated support around the youth.

EDUCATION & WORKFORCE READINESS

School support, career exploration, employment readiness, trade and training opportunities, and connections to community resources.

PROSOCIAL ENGAGEMENT

Structured activities focused on leadership, confidence, communication, teamwork, healthy relationships, and positive decision-making.

FROM REFERRAL TO SERVICES

A Simple Process. A Stronger Tomorrow.

1 ONLINE REFERRAL

Referring agent submits a brief online referral with youth information, identified needs, and reason for referral.

2 REFERRAL REVIEW

Pathways to Promise reviews the referral, identifies immediate needs, and connects with the referring agent as needed.

3 YOUTH & FAMILY INTAKE

Program staff connect with the youth and parent/caregiver to complete intake, discuss goals, identify strengths and needs, and obtain required documentation.

4 SERVICES COORDINATED

An individualized support plan is developed. Appropriate mentors, behavioral health professionals, programs, and community resources are coordinated around the youth.

5 SERVICES BEGIN

The youth begins their 90-day engagement with services based on individual needs, which may include mentoring, counseling, family support, school coordination, workforce readiness, and prosocial activities.

6 ONGOING COORDINATION

Program staff maintain communication with the youth, family, and referring agency to coordinate services, address emerging needs, and support progress throughout the service period.

REFERRALS WELCOME

Pre-trial | Probation | Human Services | Schools | Courts
Community Organizations | Youth-Serving Agencies | IOG/CMP
